Dear Chairman Powell:

I am writing to urge you to support the pending merger of EchoStar and HUGHES, the parent company of DIRECTV. I believe the merger will increase video and broadband choices for consumers like me.

The combined company will be a much stronger competitor to cable operators by offering local TV channels via satellite in every market in the United States. In addition, the merger will ensure that affordable high-speed Internet access service via satellite is available to Americans nationwide.

I appreciate your consideration of my views.

Sincerely,

Rick Marment

company will be able to provide me with affordable high-speed Internet access via satellite along with the other 40 million American households who do not have affordable high-speed Internet access now.

I appreciate your consideration of my views.

Sincerely,

Richard Lund
